

Want Kentucky Horses

Optional prices on a number of Kentucky horses have been taken by a party of Government officials who are seeking highly bred horses for the government's remount service. About five or six have been purchased already and a number more are expected to be taken when the commission returns in the near future. It is said that the commission was highly impressed by the superiority of the horses raised in the Blue Grass State.

Negro Arrested Here.

George Thomas, a negro residing at Riddles Mills, this county, was arrested Saturday night in this city on information received from the police department of Lexington that he was wanted in that city on a larceny charge.

Thomas is well known to the police of this city, having been implicated in several robberies and was under indictment in the Circuit Court for killing one of his relatives. The offense committed in Lexington was the theft of a number of hides which were later recovered, but Thomas eluded the officers and made his escape.

The negro was taken into custody at the corner of Eighth and Main streets, submitting to arrest quietly but when Patrolman Link started to jail with him he aimed a blow at the officer with his fist, which missed its mark and in an effort to escape ran up Eighth street to the corner of Pleasant where he slipped and fell. Following in close pursuit the officer was soon upon him and landed him in jail.

It is also believed that Thomas is wanted in Maysville. He will be held awaiting the arrival of the Lexington police.

Barn Burned.

A barn of the farm of Clark Barnett on the Hume and Bedford pike, near this city, was destroyed by fire at an early hour Friday morning together with its contents. The barn contained a large quantity of farming implements and feed. The origin is unknown. Mr. Barnett's loss will amount to \$1,500. He carried no insurance.

Nice Sum Raised By Church.

A neat sum to assist in wiping out the debt overhanging the Baptist church, was raised Sunday following the close of the morning services and the spirit of enthusiasm displayed by the members of the congregation gives evidence that within the next year the church will be free from debt.

At the close of the services it was announced that an offering would be taken to assist in liquidating the debt and the hope was expressed that a sum of \$500 would be pledged for this purpose.

Following a canvass of the membership it developed that the sum of \$650 had been raised for the purpose, \$150 in excess of the amount asked. The indebtedness of the church on Sunday morning was \$3,800, and the amount subscribed reduces this figure to \$3,150. It is the hope of the officers that the church will be free from indebtedness by January 1, 1914.

Keeping Money at Home.

When you go into a local store and buy goods from a local merchant you do not get only the goods. You get thrifty town, the schools which your children attend, the churches which preserve the moral atmosphere of the community, the things you enjoy and use, which you and the merchant pay for in common.

You could send the money to some other town and get the goods but you can't get the other things, and even if you think the price is smaller it is larger in the long run since you get less in return for your money.

The more you spend at home the more attractive will your town be to the coming generation and the more pleasant to yourself in your old age. If you have friends here is where they are. When you make a rover of your money you make a rover of your children and yourself. You make your town a poorer place in which to live instead of a better one.

AARON MCCONNELL.

Friday morning at 6:45 o'clock fire was discovered in the carriage and blacksmith shop of Taylor and Bowling, and in a few minutes the entire building was in flames. It looked at one time as if Millersburg would be swept with another destructive fire. The building with its contents, a stable belonging to Mr. E. B. Taylor, a small stable, the property of the Louisville and Nashville railroad, are a total loss.

The training and feed stable of McIntyre & Turner, which is just north of the blacksmith shop, was on fire several times. Had the stable burned and the large frame warehouse adjoining it there is no certainty where it would have stopped as there was a south wind blowing at the time. The origin of the fire is unknown. Everybody left the building about six o'clock Thursday. Mr. Taylor says there was nothing of a combustible nature about the place, all the doors had been securely fastened. After the fire was discovered it was found that the back door had been opened. It is the supposition that some tramp had slept there during the night. The firm had received a consignment of six new buggies within the past few days. There were also other vehicles, tools, supplies and dressed lumber in the building. The loss of Taylor & Bowling is estimated at \$3,500 with an insurance of \$1,200. The loss on the other buildings will not exceed \$500. The firm has recently purchased the blacksmith shop of G. W. Johnson and J. C. Fightmaster.

The fire may temporarily interfere with the arrangements of the firm, however it is safe to say that they will be doing business in the next two weeks and the property will be rebuilt as early as possible.

Announcement has been received here of the marriage of Miss Dakota Best, of Washington, D. C., to Mr. Stewart Elliott Brown, of Richmond,

Mayor Triumphs Over Enemies.

The attempt of the Winchester City Council to force the resignation of Mayor James A. Hughes, of Winchester, came to an abrupt but amicable end Friday following the filing of an amended petition in the Circuit Court by the Mayor in his suit to join the Council from removing him. Seven members of the Council signed an agreement that they would withdraw the charges upon which the resignation of the Mayor was demanded at the next meeting of that body, and one other Councilman, J. D. Jones, the lone Republican member, it is known, will also sign it. The agreement signed by the Councilmen was as follows: "The undersigned members of the City Council accept the statement and explanation of the Mayor and agree to withdraw all charges against him at the next meeting."

The signers are J. W. Wheeler, C. B. George, J. W. Scobee, John Lawrence, S. A. Lipscomb, Dr. M. S. Browne and H. B. Schriener.

Elope To Paris.

Mr. Debert A. Jones and Miss Minnie Wilson, a youthful couple, eloped to this city from Muncie, Ind., and were married yesterday morning at the residence of the officiating minister, Rev. E. M. Lightfoot, on Pleasant street.

The couple left their Indiana home Saturday, the bride coming to Kentucky ostensibly to visit relatives during the holidays. She was met at Cincinnati by Mr. Jones and together they came to Paris yesterday morning.

They presented themselves to County Clerk Paton yesterday morning asking for a marriage license but owing to their youthful appearance the official declined to issue the license until an affidavit as to their legal age had been made. The license secured they went to the home of Rev. Lightfoot, where the ceremony was performed.

Open Tonight.

The local postoffice will be open this evening from seven until eight o'clock to allow those patrons of the office who care to call, to receive Christmas packages. This is done to reduce the volume of mail to be handled by the city carriers and to insure a quicker mail service.

Another Suspect Arrested Here.

A negro giving the name of Tom Smith, but believed by the police to be Joe Sheppard or "Big Boy," wanted in Clark county for complicity in the murder of Deputy Sheriff George M. Hart, in Winchester recently, was arrested yesterday morning about 11 o'clock at the Louisville and Nashville passenger depot by Patrolman Fred Link.

When taken into custody the negro had in his possession a 32 calibre automatic revolver and a large number of cartridges. Marks of identification found on the negro correspond exactly with those of Sheppard, which strengthens the belief that the negro is the last of the quartet which perpetrated the outrage, sought by the police.

The negro arrested was six feet tall, weighed about 200 pounds and had a heavy scar extending from the right eye to the lip and a scar on the right side of the neck beneath the ear.

When questioned the negro denied having any connection with the murder of Hart, stoutly protesting his innocence. He said for the past few days he had been employed with a construction gang at Austerlitz, but prior to that time had been working with a construction gang out of Lexington.

The negro was lodged in jail and the Winchester officials notified of his arrest. Yesterday afternoon Sheriff Brock, of Winchester, came to Paris and returned with the prisoner to that city last night.

According to the statements of a number who have seen the negro he compares in many respects to the man who has been so long sought by the police.
